DRESS REGULATIONS

Clubhouse and Golf Course

Neat and tidy dress is expected at all times. At all times dress will be at the discretion of Management.

ETIQUETTE

Members

Members are urged to consult the Club's By-laws, to observe the etiquette of golf and the rules governing play on the course at all times. Books of rules can be obtained at the Clubhouse.

Golf Carts

We have a large number of members who use golf carts and as such we do have a 2 cart policy per group for our members. We also ask those who drive carts to please be aware of those members who choose to walk by giving them space from behind and not speed up on the group in front as an example a golf cart travels at approximately 12-13 kph where a person walks at 5-6 kph.

General

The low marker in each group is asked to be responsible for the repairing of divot holes and the observance of the etiquette of golf.

No one shall move, talk or stand close to or directly behind the ball or the hole when a player is addressing the ball or making a stroke.

Play must be from stipulated tee.

Golf is to be played in groups of four whenever possible.

Golf is to be played with a maximum of four players per group.

It is your duty of care to ensure that golfers in front are out of range before playing your shot.

In the interest of all, there should be as little delay as possible during play. Golfers searching for a ball should signal for players following them to pass and ensure they are out of range before continuing with the game.

Before leaving a bunker, a player should carefully fill all holes by using the rake provided for this purpose, and then see the rake is replaced inside the bunker well away from the edges, parallel to the line of play.

After the players have holed out, ensure any damage to the putting green made by the ball or spikes is carefully repaired.

Players should ensure that when placing a flagstick, no damage is done to the putting green.

The flagstick should be properly replaced in the hole before the players leave the green.

Please inspect the Notice Board before start of play for any temporary local rules and other information.

The management of golf at Cobram-Barooga is based upon 4 hours for 18 holes (i.e. 2 hours for each 9 holes). Golfers are asked to be AWARE of this condition.

HANDICAPS

To obtain a handicap

A player shall submit THREE cards.

Cards do not have to be Cobram-Barooga cards.

A player may play a social round or in a competition.

All THREE cards to be handed in at the onetime to the Golf Shop.

The player will make known any previous handicap and / or golf history. The Handicapper will assess the cards and a handicap allotted.

Club Handicaps

A player who is not qualified to hold an Australian Handicap may be allotted a Club handicap for use at his Home Club.

Match Play

In Match Play the lowest marker is to play from scratch; the scratch player then concedes the difference in strokes in their handicap to the other player or players. All Club matches will be played off the back plates, blue markers or, in their absence, the distance marker.

Club Competitions

Members who have not designated Cobram-Barooga as their Home Club but who wish to enter Club competitions may be required to produce proof of handicap.

Membership number must be entered on card.

Handicap Adjustments

Singles matches - full difference between the respective handicaps.

Fourball matches - lowest marker to play from scratch, the rest to take full difference between their respective handicaps.

Foursomes Stroke - half of combined handicap - fractions to count.

Stableford and Par - Full handicap.

GUIDELINES FOR PARTNER EVENTS

Canadian Foursomes Stroke

After partners have each played their first stroke of the hole, they shall select one of the balls that will be played by the partner who did not play the ball off the tee, thereafter alternate strokes to be played until the hole is completed. $3/8$ of combined handicap, fractions to count.

Ambrose

The team selects a Captain who is responsible for the method of play and marking of the card. The Captain also determines the order of play for each shot.

All players hit off from the tee and the Captain then decides which ball is in the best position. The selected ball may be marked and replaced on the original spot. The other team members then place their ball within one club length of the selected ball, no nearer the hole. They hit their next shot from this position. The Captain makes a similar selection after the next shot and play continues in this manner.

If the selected ball is in the rough or hazard, the other balls must be dropped in the rough or hazard.

On the green the other balls must be putted from within 15cm of the selected ball, not nearer the hole.

Ambrose is scored as a stroke event and handicapping is as follows:

Two ball event - $1/4$ of aggregate stroke handicap
Three ball event - $1/6$ of aggregate stroke handicap.
Four ball event - $1/8$ of aggregate stroke handicap.

In a four man Ambrose, each player shall have three tee shots that must be used. For a three man Ambrose, each player shall have four tee shots that must be used. For a two man Ambrose, each player shall have six tee shots that must be used.

Please Note: Two members of the team must sign the card after checking scores for correctness.

Yankee, Pinehurst or Chapman

After partners have played their first strokes of the hole, each will play the ball of the other. When two strokes have been played with both balls, the better ball will be selected and the partner who played the first stroke with that ball will play the third stroke. Thereafter alternate strokes are to be played until the hole is completed. To calculate handicap use $3/8$ combined handicap, fractions to count.
